Un moment pour soi

Installez-vous au calme, avec un thé ou un chocolat chaud.
Commencez par le centre du mandala et avancez vers l'extérieur, anneau après anneau : c'est ce qui rend le coloriage si apaisant.

Sapins, houx, cadeaux, cloches, étoiles : chaque mandala cache des motifs de Noël. À vous de choisir les couleurs.

Chaque dessin est imprimé sur une seule face. Glissez une feuille cartonnée sous la page si vous utilisez des feutres.
Crayons de couleur, feutres fins ou stylos gel conviennent très bien.
